

Ms. Fois' Classroom Newsletter Week Ending: 1/25/19

Looking Ahead Nursery Rhymes

Reminders

Next Wednesday January 30th we will be having our 2018-2019 Class and individual photos. Please fill out and bring back in the photo form the day of. Instructions are on the form. Thank You

What We Did in School This Week!

This week was a short week but a very fun filled week. On Wednesday, we finger painted winter scarves, played with pegs, colored shapes, played dress up, had a dance party, and read a funny story called "There was a Cold Lady Who Swallowed some Snow".

We also had nature class; Mrs. Lee taught us all about animal habitats. We learned that a habitat is where animals live. We learned about the desert, rainforest, meadow, and the mountains. We used our petting finger to pet Clarabelle the Sugar Glider, Patch the Long Hair Hamster, Lugia the Rock Dove, Peanut the Albino Chinchilla, and took a looking turn to see Rosie the Rose Haired Tarantula.

On Friday, we made an ice skate, discussed what activities you could do outside during the winter time, played with new play dough, and enjoyed fun Friday with a dance party.

Please read the reminder box for information about picture day, and look out for an email with more information.

Enjoy your weekend and we will see you on Monday ☺
